Kevin Ernst has been general manager at OS&B (www.osbplumbing.com), manufacturer of plumbing waste fittings, for more than 20 years. He has enjoyed growing with the business and contributing to the innovative success of the company. Mr. Ernst is the current chair of the CSA B125 Plumbing Fittings Technical Committee and the CSA B1800 Non Pressure Plastic Pipe Technical Committee. He is also active as a member of the CSA Construction and Civil Infrastructure Strategic Steering Committee (CCISSC). He chairs the Plumbing & Mechanical Advisory Council (PMAC) of the Canadian Institute of Plumbing & Heating (CIPH), which works in the Canadian regulatory community at all levels of government and with national bodies such as Provincial/Territorial Policy Advisory Committee on Codes (PTPACC), National Research Council (NRC), Natural Resources Canada (NRCAN), Retail Council of Canada (RCC), and Standards Council of Canada (SCC). Mr. Ernst's personal goal is to see timely adoption of the Canadian National Plumbing Code by all jurisdictions for the 2020 code.

Mr. Ernst has lived in Canada his whole life and currently lives in Waterdown, Ont., with his amazing wife Jackie. Kevin has three children and three grandchildren who are his joy. His passion is music. If there is live music, he's there.
